1 PREPARE TO SELL

8+ WEEKS BEFORE LISTING

- ☐ **Interview and choose your Realtor** and review the listing agreement, including commission, marketing plan, and term
- ☐ Request a mortgage payoff estimate from your lender so you know what you owe
- ☐ Review comparable sales and an estimated net sheet — know what you'll actually walk away with
- ☐ Schedule a pre-listing home inspection to catch surprises before buyers do
- ☐ Identify repairs and improvements worth making (ask me which ones pay off in your market)
- ☐ Start decluttering — donate, sell, or discard
- ☐ Gather key documents: deed, survey, HOA docs, warranties, permits, and receipts for improvements
- ☐ Decide on your timeline and your next move (buy, rent, relocate) so closing dates line up

Pro tip: buyers see your home online first. The cleaning and repairs you do now show up in your listing photos.

2 GET MARKET READY

6-8 WEEKS BEFORE LISTING

- ☐ Complete necessary repairs and cosmetic touch-ups (fresh neutral paint goes a long way)
- ☐ Deep clean the entire home — consider professional cleaning, including windows and carpets
- ☐ Consider professional staging or a staging consultation
- ☐ Boost curb appeal: landscaping, power wash, fresh mulch, paint or replace the front door
- ☐ Begin packing non-essential and seasonal items
- ☐ Rent a storage unit if needed to reduce clutter
- ☐ **Order a termite/WDO inspection** — commonly requested by buyers and lenders in Tennessee
- ☐ Check for open permits, liens, or unpaid HOA dues that could slow down closing

3 PLAN THE LAUNCH

4-6 WEEKS BEFORE LISTING

- ☐ Schedule professional photography, video, and marketing materials
- ☐ Set your listing price with your Realtor based on current market data
- ☐ **Complete your seller disclosures** honestly and completely — Tennessee's residential property condition disclosure (or exemption), and lead-based paint disclosure for homes built before 1978

- ☐ Establish your showing schedule and lockbox access
- ☐ Create a home features sheet and maintenance binder for the buyer
- ☐ Get quotes from at least 3 licensed moving companies — book early for month-end dates

4

LISTING & OFFERS

LISTING WEEK THROUGH OFFERS

- ☐ Keep the home show-ready at all times: beds made, counters clear, lights on
- ☐ Secure valuables, medications, and important papers during showings
- ☐ Have a plan for pets during showings
- ☐ Review showing feedback with me regularly and adjust strategy if needed
- ☐ **Compare offers on more than price:** financing type, earnest money, contingencies, appraisal terms, and closing date
- ☐ Negotiate terms, repairs, and closing date with your Realtor's guidance
- ☐ Accept an offer and go under contract

5

UNDER CONTRACT

30-45 DAYS BEFORE CLOSING

- ☐ Confirm the earnest money has been delivered to the title company
- ☐ Accommodate the buyer's home inspection and any re-inspections
- ☐ Review repair requests with me and negotiate within the due diligence period
- ☐ Provide appraiser access when requested
- ☐ Request your HOA payoff or resale documents, if applicable
- ☐ Begin packing in earnest — room by room, label everything
- ☐ Confirm your closing date, time, and location
- ☐ **Schedule utility transfers for closing day.** Keep services on through the buyer's final walkthrough.
- ☐ Arrange final move-out cleaning (professional or DIY)
- ☐ Pause lawn care, pest control, and other recurring services around closing

6

FINAL WEEK

7 DAYS BEFORE CLOSING

- ☐ Finish packing all remaining items
- ☐ Confirm moving company or truck rental details in writing
- ☐ Gather all keys, garage remotes, mailbox keys, and gate codes
- ☐ Leave appliance manuals, warranties, and paint colors for the buyer
- ☐ Complete any agreed repairs and keep the receipts to share
- ☐ Remove everything that isn't staying with the home, and leave it broom-clean
- ☐ Do a personal walkthrough — check every closet, attic, and garage
- ☐ **Verify wire instructions by phone** using a number you already trust if you're receiving proceeds by wire. Never rely on emailed instructions — wire fraud is real.
- ☐ Review your settlement statement for accuracy and prepare a file of closing documents to bring

7

CLOSING DAY

THE BIG ONE

- ☐ Bring a valid government-issued photo ID
- ☐ Sign closing documents at the title company — ask about anything unclear
- ☐ Hand over all keys and access devices
- ☐ Confirm wire or check receipt for your proceeds
- ☐ Take a final photo of your home — you earned this moment

Congratulations — your home is sold!

8

AFTER THE MOVE

FIRST 30 DAYS

- ☐ Update your address with USPS, banks, insurance providers, DMV, and your employer
- ☐ File a change of address with the IRS (Form 8822) and update voter registration
- ☐ **Cancel your homeowner's insurance** only after closing is confirmed — never before
- ☐ Cancel any remaining home services at the old address
- ☐ Watch for your escrow refund from your old mortgage servicer
- ☐ Keep your settlement statement and improvement records — talk with a tax professional about capital gains and the home-sale exclusion
- ☐ Leave a review for your Realtor — it truly means the world!

Questions at any step? I'm one call or text away.

Know someone planning a move? I'd be honored by the introduction.
